

Hakomatic B 1050 C

NEW

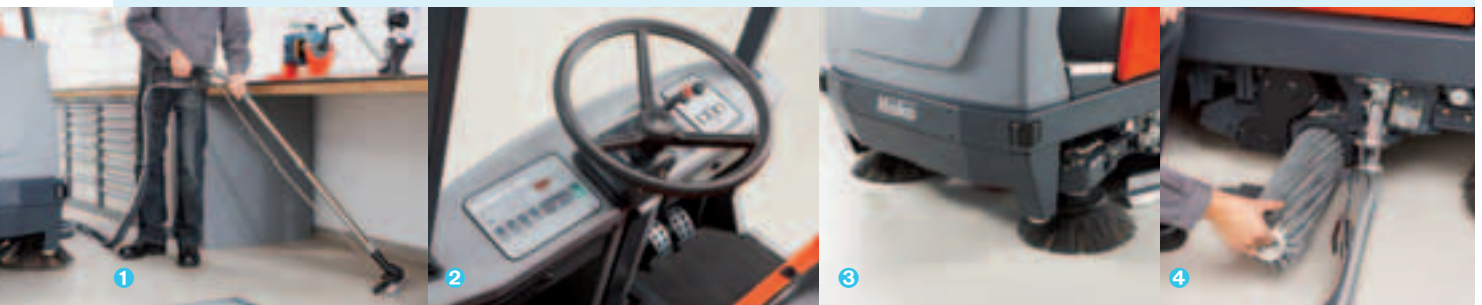

Powerful, manoeuvrable,
efficient.

Contract
Cleaning

The advantages at a glance:

Sweeping, intensive scrubbing and perfect vacuuming in one operation – all whilst comfortably seated. In multi-storey car parks or in logistics and industrial areas. Optimum cleanliness especially on rough and structured floors and tiles as a result of the cylindrical brush unit with sweeping function and dirt hopper. Two side brushes (option) make it possible to collect coarse and fine dirt over the complete squeegee width. ③

Technical Data Hakomatic B 1050 C

Working width	cm	96
Squeegee width	cm	126
Power/output, drive motor	W	1.400
Maximum climbing ability	%	16
Working speed	km/h	8,2
Power/output, suction motor	W	1.270
Brush diameter/Number of brushes	cm/units	13,3/2
Power output brush motor	W	2 x 850
Tank concept		Solid wall
Area performance, theoretical	m ² /h	7.800
Clean/dirty water tank	litres	185/185
Rated voltage/total power/output	Volts/kW	36/4,67
Width with squeegee/length with squeegee	cm	126/215
Weight, empty without battery/wet with battery	kg	716/1.456

- Handy spray/suction tool for the cleaning of corners and nooks and crannies (option). ①
- Extremely long operating time with one battery charge.
- Comfortable, ergonomic workplace for fatigue-free work. Handy: the cockpit, which you can mount from both sides. ②
- Single button operation, all operating elements are clearly laid out and understandably arranged.
- Excellent access for maintenance tasks. Brush can be changed without tools. ④
- Large opening for quick and easy tank cleaning.
